

MICRO INNOVATION & TECHNOLOGY

COMPANY PROFILE

About Us

Founded by a group of Professionals operating since 1990 with regional head office in Karachi, Pakistan with branches established at Lahore, Islamabad, Faisalabad and Overseas centers in Dubai ,United Arab Emirates.Our innovative products , services, and business model restructuring has transformed variety of industry verticals predominately Banking, Telecom, Oil & Gas, Insurance, Education, Aviation, Health Authorities, Manufacturing, Retail and Government.

Company Policy

It is our policy to conduct all of our business in an honest and ethical manner. We take a zero-tolerance approach to bribery and corruption and are committed to acting professionally, fairly and with integrity in all our business dealings and relationships wherever we operate and implementing and enforcing effective systems to counter bribery and corruption.

This policy applies to all persons working for us or on our behalf in any capacity, including employees at all levels, directors, officers, agency workers, seconded workers, volunteers, interns, agents, contractors, external consultants, third-party representatives and business partners, sponsors, or any other person associated with us, wherever located.

Mission

At MIT, our mission is to empower businesses through cutting-edge IT consulting and innovative digital solutions. We aim to deliver technology-driven strategies that optimize performance, enhance productivity, and foster digital transformation, helping our clients stay competitive in a rapidly evolving landscape

Vision

Our vision is to be a global leader in IT consulting and digital solutions, recognized for our commitment to innovation, excellence, and customer success. We strive to create a future where businesses of all sizes seamlessly harness the power of technology to drive growth, efficiency, and sustainability.

Founder Message

In an era of digital reinventions in redefining business management and operations, we at MIT are proud to be amongst the market leaders in helping our customers and partners in shaping future successes.

But It's the largest corporations on any verticals. MIT accepted challengers to develop and deliver affordable end-to-end solutions without any compromise on quality.

At pace with changing future trends, our vision and strategy continue to revolve around helping our customers and business partners thrive leveraging on innovations and technologies that will allow them to manage their business more effectively and efficiently while boosting profitability, predictability and sustainability.

Finally, I would like to sincerely thank you for choosing us as your business and technology partner throughout your digital transformation journey.
